

Conservation of environment :

As our institution resides in Marathwada region which is facing draught, environmental issues intensely from years, our institution has realized that even smallest efforts in the direction of environment conservation goes a revolutionary change. Our institution realized that world urgently needs re-education of hearts and heads of coming generation. Our Institutions is trying to sensitize and encourage generation to find innovative solution and methods for the way ahead in order to protect nature. Our college resides in Aurangabad's largest slum area. Students of our institution are coming from economically and socially backward class residing in the vicinity of our college and rural/tribal area. We take our students outside the confines of class rooms and make them aware of sustainable form of consumption of natural resources which will be depleted for too fast for future generations to survive. Through lecture, outdoor activities, rallies, camp and adopting village, our institution is working for environment protection, resources management in collaboration with other institution.
