

Best Practice – I 1. Title of practices: Paperless office Digitalization.

2. Objectives of the practice: • To adopt use new technology effectively. • Environment conservation.

• Improve efficiency • Data management. • Reduce time

expenditure. 3. The Context: It is a step towards eco-friendly campus by creating a paperless environment

within our college. To adopt new technology for remaining competitive in rapidly changing profession.

A paperless office is a work environment in which the use of paper is eliminated or greatly reduced.

This is done by converting documents and other papers in other digital forms, a process known as digitalization. Going paperless can save money, boost productivity, save pages, make documents and information sharing easier, keep personal information more secured and easily accessible for us and help the environment. Computer data is printed on paper, therefore it becomes out of sync with computer database updates. Paper is difficult to search and arrange in multiple sort of arrangements and similar paper data stored in multiple location is often difficult and costly to track and update. A paperless office would have a single source collection point for distributed database updates and public-subscribes system. 4. The practices: For digitalization of our college a software College Management System is used for paperless activities of the college as online admission, transfer certificate, accounting (cashbook and ledger book), various types of certificates, receipts, character certificate, notices and SMS to staff and students. General register is maintained through this software. Staff and student profile is created where basic information of staff and students can be easily found. A Wahtsapp group is also created for emergency and important messages and notices. 5. Problems Encountered and Resources required: 100 paperless activities are not possible to achieve as we need to provide receipts, bonafide and other certificates to students. Resource for this activity is computer with connection, scanner, printer etc.

 Pandit Jawahar Lal Nehru College
 Aurangabad.

Best Practice –II 1. Title of practices: Village Adoption.

2.Objectives of the practice: • To give contribution in the development of the village. • Awareness to save girl child. • Eradication of blind faith. • Water conservation. • Swacha Bharat Abhiyan. 3. The Context: On the occasion of 150 Birth anniversary of Mahatma Gandhi, our college had adopted two villages 1) 5 kms away from Aurangabad is “Balapur” and 2) 12 Kms away from Aurangabad is “Ohar”. These villages are adopted for the purpose of development of these villages. 4. The practices: The main activities taken were – • Save Abhiyan. All these activities were taken by our college students and 100 work was done for Swacha Bharat Abhiyaan in both the villages. 5. Problems Encountered and Resources required: • The main problem is local politics. • There is lack of awareness among the villagers. • There is misunderstanding among the villagers about cleanliness as they think water is wasted.

Village adoption – NSS really and Celebration of 26 January Republic Day

Beti Bachav Abhiyan and Tree Plantations at Village.
