On dated 24-10-2022, Ajantha Education Society's, Pandit Jawaharlal Nehru Mahavidyalaya Student celebrated Diwali in an eco-friendly way. Also resolved not to burst firecrackers on this auspicious occasion of Diwali. All the student of the college celebrated Diwali by lighting lamps. Also, they gave a message to the people of Bharatnagar and Anandnagar area to celebrate Diwali in an eco-friendly way. Firecrackers cause massive noise pollution, air pollution not only in India but all over the world. Firecrackers also cause a lot of trouble to animals, birds, children and the elderly. However, eco-friendly firecrackers have come for sale in the market on the occasion of Diwali. There is a need to create awareness about this. Diwali is all about the flickering of lights, the taste of snacks and the bursting of firecrackers. So far we have been playing the traditional firecrackers like Paamsa, Bhuichakra, Sursuri, clove garlands, Naggoli etc. But these crackers cause a lot of noise pollution and air pollution. For this everyone should celebrate eco friendly Diwali together. This year also students of Pandit Jawaharlal Nehru Mahavidyalaya celebrated eco
